1. Introduction

Proper crediting of Arts Midwest Touring Fund and its funders is an essential part of your grant award. Arts Midwest encourages grantees to manage their grant effectively for the benefit of both your organization and the arts. Funding from this program is made possible by the National Endowment for the Arts, a federal agency.

This manual provides guidance on how to adhere to the credit requirements, tag the program on social media, and capture the project through photographic images and video.

Proper crediting and visibility is an essential part of this grant award and therefore, all grantees must ensure crediting and visibility for the benefit of your organization and this national program.

If you have questions or want us to review your materials before producing them, please email them to touringfund@artsmidwest.org. If you need to discuss the credit requirements, please contact Christy.

Thank you,
The Arts Midwest Touring Fund team
